## HOURGLASS (feat. LIZ)

Just an outline made of skin  
And my walls are paper-thin  
I wanna let you color me in  
Feel like I'm drowning from the sound  
Of all the silence all around  
My thoughts are bound  
I'm going down  
I'm turning inside out

This time I finally need a light, a light  
Tired of seeing in black and white, white

Having flashes in my mind  
Can't take the ticking of time  
The time that's passing by

## SPECTRUM (feat. Matthew Koma)

Breathing you in when I want you out  
Finding our truth in a hope of doubt  
Lying inside our quiet drama

Wearing your heart like a stolen dream  
Opening skies with your broken keys  
No one can blind us any longer

We'll run where lights won't chase us  
Hide where love can save us  
I will never let you go

## LOST AT SEA (feat. Ryan Tedder)

I was a boat driftin' out into the sea  
I had nothing but pieces of thoughts of the hope  
That you would see me

I was a stone's throw away from land  
But thousands and thousands of miles away  
From reaching your hand

The waves they crashed upon the rocks that you  
Were trying to walk along  
And in my head I heard them play a song for you and me  
The waves they crashed upon the rocks that you  
Were trying to walk along  
And in my head I heard them play a song for you and me

Let's get lost at sea  
Where they will never find us  
Got stars at night to guide us  
Get lost at sea  
Where they will never find us  
Got stars at night to guide us

## CLARITY (feat. Foxes)

High dive into frozen waves  
Where the past comes back to life  
Fight fear for the selfish pain  
And it's worth it every time  
Hold still right before we crash  
Cause we both know how this ends  
Our clock ticks till it breaks your glass  
And I drown in you again

Cause you are the piece of me  
I wish I didn't need  
Chasing relentlessly  
Still fight and I don't know why

If our love is tragedy why are you my remedy  
If our love's insanity why are you my clarity

Walk on through a red parade  
And refuse to make amends  
It cuts deep through our ground  
And makes us forget all common sense  
Don't speak as I try to leave  
Cause we both know what we'll choose  
If you pull, then I'll push too deep  
And I'll fall right back to you

## FALL INTO THE SKY [Lucky Date & Zedd] (feat. Ellie Goulding)

This feeling is heavy  
Makes my body ache and I'm ready  
To fall into the sky  
I see now  
The reason why  
My heart is heavy  
Takes me to a place I can't breathe  
Only then I know why I see  
The warning sign

## FOLLOW YOU DOWN (feat. Bright Lights)

Fading, so slow, black hole  
I feel it slipping away  
We're all we've got  
If you're lost I'm diving in after you  
I would touch the sun I'd come undone  
It's true, I'd fall for you

Wherever you go, whatever you do  
You know I'll follow you down  
Wherever you go, if ever you lose your ground  
I'll follow you down  
I'll follow you  
Down...

You're lost, worn out, face down  
Don't know where you're headed to  
Right here, right now, somehow I  
I'll light the way up for you  
I would touch the sun I'd come undone  
It's true, I'd fall for you
